Foreword by G. Vernon Stokes, R.B.A.

Patrick Ferguson Millard was born at Aspatria, Cumberland in March, 1902, being the youngest son of the Rev. F. L. H. Millard, was educated at St. John's School, Leatherhead. He commenced studying art at the Liverpool School of Art and later under myself.

He entered the Royal Academy School in 1921, being awarded the Gold Medal & Travelling Scholarship in 1925, which enabled him to study on the Continent where he first became impressed by the Modern movement of Art, also by the importance of Water Colours as the traditional English medium, a medium in which English artists could compete with the world on equal terms.

On returning from the Continent he was appointed visiting Master to the Richmond School of Art, in 1928 he became a member of the R.B.A. and last year a member of the National Society of Artists. In January of this year he became a partner in the St. John's Wood Art School.

In 1928 Millard held his first exhibition of Water Colours in Chelsea which was well received, this being the first exhibition of his works since that date.
